## **Our History**

Since 1970 North Star Christmas Trees has since become the largest independent wholesaler in the Washington, D.C. area by supplying many profit, non-profit organizations, and decorators with high value Christmas trees, wreaths, and other decorative greenery. Our goal is to offer the freshest, high quality trees that we specially select from North Carolina, Michigan, Wisconsin, Nova Scotia, and Oregon.

North Star is still a family run business of local Washingtonians and continues to operate under the belief that Christmas is about family and traditions.

**Hugh Rodell, Co-owner**

# Christmas Trees

By the . . . SEASONAL EVERGREEN COMPANY

## Fraser Fir

- Native to the mountainous areas of western North Carolina.
- The dark green color, fresh cut aroma, and excellent needle retention qualities make it one of the most desirable trees available.

## Balsam Fir

- Handgrown in the maritime province of Nova Scotia
- Lush, extremely fragrant needles
- Great seller in our traditional Northeast market

## Kirk Balers and Tree Netting

Now 100% Biodegradable, Made of recycled material in North America

The solution to handling a fully expanded Christmas Tree. One pass through the funnel compresses each tree by as much as two-thirds into a tidy, cone-shaped bundle.

- Slick interior finish and specially engineered funnel minimize friction, allowing workers to move trees through the unit quickly and easily.
- The **Baler** is an excellent sales tool at the retail level, as well as at a growers yard. It reduces customer inconvenience in handling a fully expanded tree and improves lot personnel efficiency and lot security.
- Available in five sizes: 10", 18", 20", 23" and 26". Elevated table optional.

## Kirk Removal Bags (100% Biodegradable)

- Each Removal Bag is 144" in circumference and 90" in height, suitable for trees up to 7 feet.
- Available in bulk (50/case) or display case (50/case)
- white only
